

Continuum: Criminal Justice – Victim Rights & Services - Restorative/Community Justice

Victim Rights & Services → Rights of Choice, Advocacy, Safety, Financial Assistance, Information, Notification, To Be Heard, Referrals and Resources

Community Based Advocacy & Referrals to Community Service Providers →

Impacts of Crime on Individuals, Families & Communities → Needs may change over time.

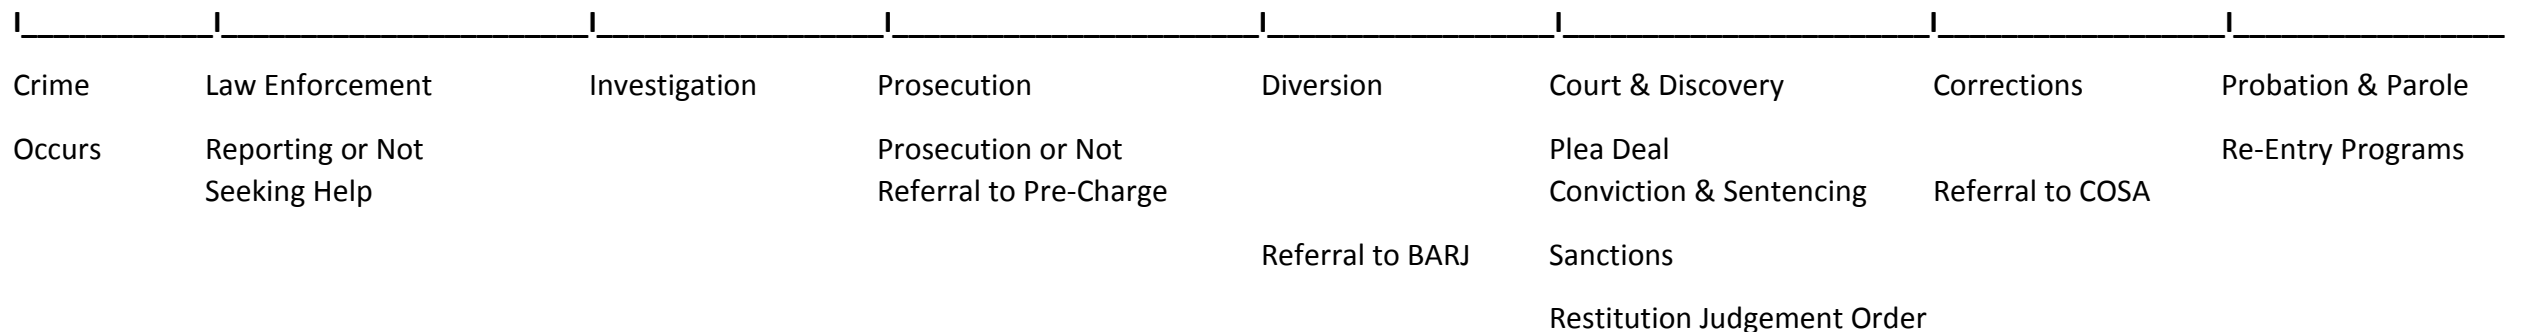

→ Needs: Safety, being met where they are, basic needs, emotional support, information about the process, access to help, access to financial support, need to be heard & respected, closure, help managing expectations, information, relief, connection with others who have been in a similar situation, safety planning, restitution, return of property, information about visiting an incarcerated family member,

→ Experiences: disassociation, physical, psychological, fear, previous relationships with service providers, secondary trauma, confusion about the victim role, made to wait, process is too long, maybe empowerment, may not be over, may fill a need for a sense of justice, now what?, reflection & crafting the impact statement, disillusionment with the outcome/process/system of justice, post traumatic growth, resilience, victim/survivors become advocates,

→ Impacts: PTSD, trauma, feeling unsafe, impact on children, loss of resources, financial, impact on family & work, pressure, on community, inaccurate expectations, stigma, vulnerability, hypervigilance, mis-assessment of needs, apprehension & chaotic, differences between jurisdictions & counties, different levels of comfort in dealing with systems, power differentials, feeling exposed by media/social media,

→ Feelings: Shame, disbelief, fear of retaliation & intimidation, afraid, helpless, frustrated, angry, confused, sad, alone, lack of trust, fear of not being believed, powerless, disengagement, feeling exposed,
