FOR A WORLD WITHOUT SLAVERY

Vermont State Report State Ratings 2011

The Polaris Project annual state ratings process tracks the presence or absence of 10 categories of state statutes that Polaris Project believes are critical to a comprehensive anti-trafficking legal framework. It is important to note that these 10 categories are not exhaustive of all the important legislation that helps combat human trafficking in a given state. Moreover, the ratings do not assess the effectiveness or implementation of these laws, nor the anti-trafficking efforts of task forces, law enforcement, prosecutors, judges, service providers, and advocates in the state. The purpose of the annual state ratings process is to document laws on the books, to motivate legislators and policy advocates, and to focus the attention of states on the statutes that still need to be enacted in order to achieve a strong anti-trafficking legal framework.
