

In Vermont, there is a program called **Victims Compensation Program**. This means that if a crime happens to you, you can fill out paperwork to ask the state to help pay for your

- Doctors bills
- Mental health counseling
- Other things that cost you money because of the crime.

## We want to make this program better!

If you have a disability, we will pay you \$30 to come to a group meeting where you will talk about ideas to make this program better.

## We are doing groups in June. This is where the meetings are planned:

- St. Johnsbury
- Burlington
- Montpelier
- Rutland
- Brattleboro

**If you want to come to a meeting, you need to apply first.** People will not be allowed to just show up. If you get picked to come to a meeting, we will help get you a ride and with other accommodations. You may be asked to travel to a meeting that is not near where you live.

To apply to be in one of these meetings, please call:

**Mandy at (802) 585-9392 by June 6th .**
